Jorge Luis Delgado is an internationally recognized teacher of Inca spirituality and a modern Inca chacaruna. Jorge has been a recognized authority on Inca philosophy and traditions for many years. He is featured in the History Channel's series, "Ancient Aliens" and on the BBC documentary "Everyman". He also represented the Inca Nation when the elders of North, Central and South America have gathered. Jorge was the guide for Don Miguel Ruiz (the author of "The Four Agreements") when Don Miguel visited Peru. In his best-selling book, "Andean Awakening: An Inca Guide to Mystical Peru", Jorge opens the door to his mystical homeland as he describes his own journey of awakening. Jorge's presence and teachings add an element that you won't find on any other tour of Peru.

Debra Stangl, founder of Sedona Soul Adventures, has assisted thousands of seekers with their spiritual transformations. Her special passion is Sacred Travel, taking groups of people to experience the incredible energies of power spots around the world, in particular Egypt, Bali and Peru. After traveling to Peru for the first time in 2004, Debra began organizing the first of Sedona Soul Adventures' annual pilgrimages to this mystical land. Ceremonies here, especially in Machu Picchu and on the island of Amantini, have been life changing for her.
