**Jorge Luis Delgado** is an internationally known teacher of Inca spirituality and a modern Inca chacaruna, a bridge person, who assists people in connecting to their spiritual self within their own traditions. Jorge Luis has been featured as a recognized authority on Inca philosophy and traditions for many years and has been featured on nine episodes of the History Channel's series, "Ancient Aliens" as well as the BBC documentary "Everyman". He has represented the Inca Nation in international gatherings of North, Central and South American elders and has collaborated with Don Miguel Ruiz (author of "The Four Agreements"). He is with us throughout this amazing journey, teaching us the ways of the shaman and performing the powerful Inca ceremonies that are part of his native tradition. Jorge's presence and teachings add an element that you won't find on any other tour of Peru.

**Debra Stangl**, founder of Sedona Soul Adventures, has assisted thousands of seekers with their spiritual transformations. Her special passion is Sacred Travel, taking groups of people to experience the incredible energies of power spots around the world, in particular Egypt, Bali and Peru. After traveling to Peru for the first time in 2004, Debra began organizing the first of Sedona Soul Adventures' annual pilgrimages to this mystical land. Ceremonies here, especially in Machu Picchu and on the island of Amantini, have been life changing for her.
